

The Salt Spring Tea Co.TM

THE SALT SPRING TEA CO.TM was born on Salt Spring Island, in the wild and scenic beauty of Western Canada. It was the dream of three women, an artist, a student, and a local artisan, to capture the unspoiled nature of British Columbia in their products.

While no longer located on Salt Spring Island, THE SALT SPRING TEA CO.TM remains committed to their vision: we use only the freshest of ingredients and insist on all natural products. The fruit blend teas contain real fruit and our berries are dehydrated on company premises. Salt Spring Herbal Teas are all *naturally caffeine free*.

Our teas have absolutely *no added flavorings*, and we continue to blend in small batches to achieve an even distribution of herbs, fruits and spices. We strive to retain herbs and fruits in the largest format possible, which gives our customers a more flavorful and natural product. Salt Spring Teas are all loose, not in teabags, for the ultimate taste sensation.

Our products are double bagged to ensure freshness. Our Chais, Herbal and Black teas are available in *individually hand-painted* bags and wooden tea boxes, making each a one-of-a-kind gift. Kraft corrugated pouches hold a smaller quantity of tea, perfect for sampling and small gifts. All labeling is designed and produced exclusively for THE SALT SPRING TEA CO.TM which makes our packaging unique to the marketplace.

The Salt Spring Tea Co.TM is committed to bringing you the finest all natural teas. The purest of ingredients ensure you a rich, full-flavored cup of tea – without compromise!
